ARE

OPEN EYE & MILK?

OPEN EYE

MILK

The artists exhibited at Open Eye Gallery will move to Lewis's Building after 6th June.

Open Eye Gallery believes in sharing photography for everyone, with everyone, every day.

The Dr Martin Luther King Jr Building is the dramatic and prominent entrance to Liverpool's International Slavery Museum.

Illustrated by Gabriella Hernandez / @garhbiella

SEE

Now that you have seen the artworks, think about ways that you can look after yourself and others - what do you like to do to show that you care? How can we care for the body and the mind? Write some ideas here!

Alberta Whittle's film looks at migration, the movement of people across oceans and bodies of water. In the film, weather is as an important symbol - it is often used in art, writing and film to represent different emotions or a change in mood.

THINK

These words may help you:
sunny cloudy
stormy rainy
dark bright
windy calm

Look out at the River Mersey next to Open Eye Gallery - how does it look? Is it calm or choppy? Can you feel the wind? Try writing your own weather report here:

Today the weather is: _____

This weather makes me feel: _____

RAIN
